

# Who doesn't like free dues?

## YOUR FRIENDS WILL MAKE GREAT HOLIMONT<sup>®</sup> MEMBERS.

If you are the primary sponsor of a new member who joins this year, you will receive a credit to your account. The credit will equal to the new member's dues and will be applied to your dues next year. For example, if you are a full family member and you sponsor a full family member you will get credit for \$3520 next year (this is the dues amount for a full family this year, it excludes assessments and because it will be applied next year does not account for any dues increase that might be imposed next year.) If you sponsor a transitional family the credit would be \$2816, an intermediate family would credit \$2112, etc.

If you sponsor multiple new members, you will be entitled to a credit for all of your sponsored members, therefore the credit may apply over multiple future years. Parents sponsoring Junior members are excluded from this incentive.

# HOLIMONT®

**Recruit a new member this season and we'll waive your dues for the next season.**
